

# Welcome to 5th Grade

Dear 5th Graders,

Welcome to 5th grade!! I am excited to have you in my class and be your teacher! I am looking forward to meeting each of you and getting to know you as we learn new things together this coming school year.

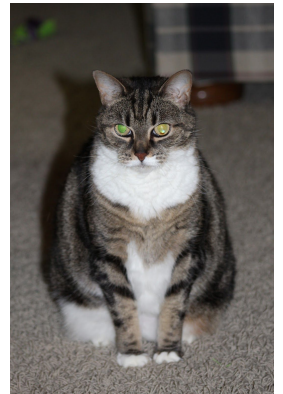

This will be my fourth year at CCS. I have spent my summer doing projects at home, visiting the Dunes in Michigan, and reading lots of books! My cocker spaniel, Barney, and my cat, Riley, keep me company at home.

If you want to get a head start on the school year, spend some time reading a book, and review your math facts, especially multiplication. Doing these to things will really help you start the school year ahead of the rest!! You can use the website

xtramath.com to practice your facts or work on IXL.com if you remember your password from last year.

I have created a new website for our class. You can find it at <https://sites.google.com/ccsgoshen.org/ccs-5th-grade>. It is a work in progress so it will change often and new information will be added throughout the year. Check out what I have so far!

As you enjoy the rest of your summer, I will be praying for each of you!
